

LFIR is Seeking a Science Teacher – 2027 Academic Year

We are looking for a dedicated and inspiring **Science Teacher** to join our team for the 2027 school year.

The Mission

Your main goal will be to expand students' scientific knowledge while fostering their critical thinking skills. You will guide them through career exploration and help them make informed choices about their future education and professional paths.

Key Responsibilities:

1. **Instruction & Planning:** Delivering engaging lessons and preparing comprehensive curricula.
2. **Assessment:** Marking assignments and providing constructive feedback.
3. **Engagement:** Maintaining regular communication with parents to track and support student progress.
4. **School Community:** Participating actively in school life, including class councils, academic meetings, and team projects.

Your Profile

We are looking for a candidate who is passionate about their subject and committed to the values of the French international education network.

1. **Education:** A university degree in a relevant scientific field is highly preferred.
2. **Experience:** While having a secondary school teaching experience is an advantage, we strongly encourage high-potential candidates with limited experience to apply.

Position Details

1. **Contract Type:** This role is offered under a local employment contract.
2. **Class Sizes:** Due to our personalized approach and small class sizes (averaging 5 students in grades 6, 7, and 9), this position is initially **part-time, 9 hours per week**.

Full-Time Opportunities

We offer the possibility of creating a **full-time position** by:

1. **Combining Subjects:** Teaching multiple disciplines, such as Science and Mathematics, or French and History/Geography.
2. **Student Support:** Supplementing teaching hours with student support and extracurricular responsibilities.

Skills

Intellectual curiosity

Listening skills

Initiative

Interpersonal skills

Adaptability

Designing teaching tools

Assessing learning outcomes

Working in a team

Developing and implementing a teaching program

Autonomy

Leading a class
